Registration

Statement on Form S-1

Filed November 30,

2022

File No. 333-268603

Dear Jaisim Shah:

We have limited our review of your registration statement to those issues we have

addressed in our comments. In some of our comments, we may ask you to provide us with

information so we may better understand your disclosure.

Please respond to this letter by amending your registration statement and providing the

requested information. If you do not believe our comments apply to your facts and

circumstances or do not believe an amendment is appropriate, please tell us why in your

response.

After reviewing any amendment to your registration statement and the information you

provide in response to these comments, we may have additional comments.

Registration Statement on Form S-1 filed November 30, 2022

Cover Page

For each of the securities being registered for resale, disclose the price that the selling securityholders paid for such securities.

Disclose the exercise 2. price of the warrants compared to the market price of the underlying security. If the warrants are out the money, please disclose the likelihood that warrant holders will not exercise their warrants. Provide similar disclosure in the Prospectus Summary, Risk Factors, MD&A and Use of Proceeds sections and disclose that cash proceeds associated

with the exercises of the warrants are dependent on the stock price. As applicable, describe the impact on your liquidity and update the discussion on the ability of your company to fund your operations on a prospective basis with your current

cash on hand.

We note the significant number of redemptions of common stock in connection with your

business combination and that the shares being registered for resale will constitute a

considerable percentage of your public float. We also note that some of the shares being

registered for resale were purchased by the selling securityholders

for prices considerably

below the current market price of your common stock. Highlight the significant negative

impact sales of shares on this registration statement could have on the public trading price

of your common stock.

Risk Factors, page 9

4. Include an additional risk factor highlighting the negative pressure potential sales of

shares pursuant to this registration statement could have on the public trading price of

your common stock. To illustrate this risk, disclose the purchase price of the securities

being registered for resale and the percentage that these shares currently represent of the

total number of shares outstanding. Also disclose that even though the current trading  $% \left( 1\right) =\left( 1\right) +\left( 1\right) +\left($ 

 $\,$  price is significantly below the SPAC IPO price, the private investors have an incentive to

sell because they will still profit on sales due to the lower price they paid for their shares  $% \left( 1\right) =\left( 1\right) +\left( 1\right) +\left($ 

as compared to the public investors.

Management's Discussion and Analysis of Financial Condition and Results of Operations, page 102

5. We note that your projected revenues for 2022 were \$73.9 million, as set forth in the

unaudited prospective financial information management prepared and provided to the  $\,$ 

Board, the company s financial advisors and the SPAC in connection with the evaluation

of the Business Combination. We also note that your actual revenues for the nine months  $% \left( 1\right) =\left( 1\right) +\left( 1\right) +\left($ 

ended September 30, 2022 were approximately \$26.1 million. It appears that you will

miss your 2022 revenue projection. Please update your disclosure in Liquidity and

financial position and further risks to your business operations and liquidity in light of

these circumstances.

Overview, page 102

6. In light of the significant number of redemptions and the unlikelihood that the company

will receive significant proceeds from exercises of the warrants because of the disparity

between the exercise price of the warrants and the current trading price of your common

stock, expand your discussion of capital resources to address any changes in the

company  $\,$  s liquidity position since the business combination. If the company is likely to

have to seek additional capital, discuss the effect of this offering on the company s ability

to raise additional capital.

7. Please expand your discussion here to reflect the fact that this offering involves the

potential sale of a substantial portion of shares for resale and discuss how such sales could  $% \left( 1\right) =\left\{ 1\right\} =\left\{ 1$ 

impact the market price of the company s common stock. Your discussion should

highlight the fact that Sorrento Therapeutics, a beneficial owner of over 90% of your

outstanding shares, will be able to sell all of its shares for so long as the registration  $% \left( 1\right) =\left( 1\right) +\left( 1\right)$ 

statement of which this prospectus forms a part is available for use. General  $% \left( 1\right) =\left( 1\right) +\left( 1$ 

8. Revise your prospectus to disclose the price that each selling securityholder paid for the

securities being registered for resale. Highlight any differences in the current trading

price, the prices that the Sponsors or other selling securityholders

acquired their shares

and warrants, and the price that the public securityholders acquired their shares and

warrants. Disclose that while the Sponsors may experience a positive rate of return based  $% \left( 1\right) =\left( 1\right) \left( 1\right$ 

on the current trading price, the public security holders may not experience a similar rate  $% \left( 1\right) =\left( 1\right) \left( 1\right) +\left( 1\right) \left( 1\right) \left( 1\right) +\left( 1\right) \left( 1\right) \left( 1\right) \left( 1\right) +\left( 1\right) \left( 1\right)$ 

of return on the securities they purchased due to differences in the purchase prices and the  $\,$ 

current trading price. Please also disclose the potential profit the selling security holders  $% \left( 1\right) =\left( 1\right) +\left( 1$ 

will earn based on the current trading price. Lastly, please include appropriate risk factor

disclosure.

We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.

Refer to Rules 460 and 461 regarding requests for acceleration. Please allow adequate time for us to review any amendment prior to the requested effective date of the registration statement.

Please contact Tyler Howes at 202-551-3370 or Alan Campbell at 202-551-4224 with any questions.
